Community Emergency Response Team Training 2023

The **Community Emergency Response Team (CERT)** Program educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, disaster medical operations and more. Using the training learned in the classroom and during exercises, CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help. CERT members also are encouraged to support emergency response agencies by taking a more active role in emergency preparedness projects in their community.

This training is FREE to anyone 18 and older.

SIGN UP

To sign up, call 334-291-5079 ext. 3, e-mail rcollinge@rcema.us
or visit our website at www.rcema.us/Cert
